

CLARISORB E

TECHNICAL DATA SHEET

POWDERED ACTIVATED CARBON

A wide spectrum adsorbent, with capacity for adsorbing a wide variety of organic and inorganic impurities.

POWDERED ACTIVATED CARBON - CLARISORB E

| PARAMETER | SPECIFICATIONS | TYPICAL PROPERTIES |
|--------------------------------------|----------------|--------------------|
| Moisture, as packed, % | 33-41 | |
| Molasses Decolorization | 180 min. | |
| Methylene blue adsorption g MB/100 g | 22 min. * | |
| Iodine number, mg I ₂ /g | 900 min. * | |
| Water solubles, % | 4 max. * | |
| MESH SIZE | | |
| Passing 325 mesh, % | 70 min.* | |
| *Dry base analysis | | |
